A weed in the garden can be easily destroyed when it first starts. Consumption can be nipped in the bud by One Minute Cough Cure. Jones & Gibson.

He was too wild to last. The Pops have laid Ben C. Rich on the shelf by defeating him overwhelmingly for chief clerk of the house of representatives.—Downs Times.

A Barber county preacher instituted such a red hot revival that snow was melted three miles away—raised the draws and drowned seven of his converts while on their way home that night. Mrs. Lease would term that—not raising corn.—La Crosse Clarion.

Soothing for burns, scalds, chapped hands and lips. Healing for cuts and sores. Instant relief for piles, stop-pain at once. These are the virtues of De Witt's Witch Hazel Salve. Jones & Gibson.

We thought he had gone down several thousand feet since he was adjutant general of the land and naval forces of Kansas. But it is reported now that "General" Artz is going down one thousand feet in search of mineral deposits near Hays City.—Downs Times.

A torpid liver means a bad complexion, bad breath, indigestion and frequent headaches. To avoid such complications take De Witt's Little Early Risers, the famous little pills. Jones & Gibson.

A good brother Populist brought the Clarion a hog yesterday on subscription. Now, if some good Republican brother would bring in a few bushels of corn, we will try an experiment by feeding the Populist hog Republican corn. In a case of this kind would meat be Pop, Republican or Fusion?—La Crosse Clarion.

All the different forms of skin troubles, from chapped hands to eczema and indolent ulcers can be readily cured by De Witt's Witch Hazel Salve, the great pile cure. Jones & Gibson.

Two well known citizens of Coffeyville rushed up to a clergyman of that town the other day and asked him to settle a disputed point in grammar. He rendered his decision with pleasure, and then one of the citizens turned to the other with the remark: "Now, Jim, that case of beer is on you."—Logan County Clipper.

Ben Rich, one of the original rish-shortsers for reform, and one of the most original as well, has been provided for. Now if Gen'l Artz, Gov. Elder and a few more of the brethren will step forward and receive knight-hood, the rejoicing among the members of the old guard may proceed without interruption.—Capital.

Lost—A dear little child who made home happy by his smiles. And I think, it might have been saved had the parents only kept in the house One Minute Cough Cure, the infallible remedy too croup. Jones & Gibson.

H. J. Harvi, the brilliant lawyer of the northwest, has been doing some effective work the past two weeks over at Wa-Keeney in two contest cases. Thus far he has installed the Republican county commissioner, who the Populists claimed was beaten. They won the case by showing to the court that the Populists elected their candidate by four non-resident voters.—Hill City Republican.

Constipation in its worst forms, dyspepsia, sick headache, biliousness and derangement of the liver are readily cured by De Witt's Little Early Risers. These little pills never gripe. Small pill, safe pill, best pill. Jones & Gibson.

One brilliant Minneapolis woman should not die unsung. Having ordered some provisions to be sent home in the afternoon and finding that after all she wanted to go out, she pinned a note on the door to inform the delivery man where he could find the key. When she got home there were no groceries there, neither was there any silverware or other portable valuables.—Osborne Farmer.

Minutes seem like hours when a life is at stake. Croup gives no time to send for a doctor, delay may mean death. One Minute Cough Cure gives instant relief and insures recovery. The only harmless remedy that produces immediate results. Jones & Gibson.

A town is a large family. We are all interested in each others' welfare, or we should be. The cut-throat, every-man-for-himself-policy means ruin for any community. It means

retrogression and failure. The first lesson any family must learn is to be happy and successful in unity and mutual assistance. The same applies to business life of a town, and the more generally it is obeyed the more abundant will be the town's prosperity.—Ex.

For a pain in the chest a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of the pain, and another on the back between the shoulders, will afford prompt relief. This is especially valuable in cases where the pain is caused by a cold and there is a tendency toward pneumonia. For sale by Jones & Gibson.

A wealthy and musically-inclined citizen of Herman wanted a zither, and, like most Missourians, wanted the best on earth. He searched the country over, but couldn't find an instrument good enough, so he ordered one from a European dealer. Upon its arrival he was very proud of it and examined it closely, but nearly had heart failure when he discovered the maker's stamp, which read: "Washington, Mo., U. S. A." a town only a few miles from his home.—Beloit Gazette.

It will be an agreeable surprise to persons subject to attacks of bilious colic to learn that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the first symptoms of the disease appear. 25 and 50 cent bottles for sale by Jones & Gibson.

A good story is told on a pop member of the legislature from one of the country precincts in the Third district. He wanted to be in the swim, so he engaged a room at the National hotel. The first night he was there, he wrote to a friend at home and said that Topeka was a great place and that he was having a gay time. He said he was treated "mildly nice" at his hotel, that polite little boys waited on him, bring him everything his heart could wish, and that his room had fine furniture, pretty Brussels carpet, and was not lighted with either lamps or candles but with a "red hot hair pin stuck in a bottle."—Ottawa Herald.

Chicago, Pa., "Herald." Richard Vessel reports One Minute Cough Cure the greatest success of medical science. He told us that it cured his whole family of terrible coughs and colds, after all other so-called cures had failed entirely. Mr. Vessel said it assisted his children through a very bad siege of measles. One Minute Cough Cure makes expectoration very easy and rapid. Jones & Gibson.

Hundreds of men in this state who have been its rulers, that is, the men who have exercised the powers of government for the last two years, quietly retired yesterday to private life and yielded their powers and prerogatives to others who were their political enemies. This was done without a struggle or protest, simply the quiet shifting of the governing power from one man to another as the changing of a garment. This, to the statesmen of the last century, would have been regarded as a political impossibility, and is the greatest evidence of the superior civilization of this age over that of any other age in the history of the race.—Ottawa Herald.

Many merchants are well aware that their customers are their best friends and take pleasure in supplying them with the best goods obtainable. As an instance we mention Perry & Cameron, prominent druggists of Flushing, Michigan. They say: "We have no hesitation in recommending Chamberlain's Cough Remedy to our customers, as it is the best cough medicine we have ever sold, and always gives satisfaction." For sale at 25 and 50 cents per bottle by Jones & Gibson.

Did you ever know a man who borrowed a dollar, more or less, who had it forced upon him? Would the money power hurt a man who did not first beseech the aforesaid power to make the loan? Is it not a fact that a good many people have lost a good deal of money by lending to some other man who did not pay? And did you ever know a man who was forced to pay his debt twice over? Suppose we killed off all chances of making an extra dollar or so if we could only borrow a few hundreds, would we feel any better than we do now? Honest, now, don't you think there is a whole lot of tommyrot about this "money power" talk?—Manhattan Nationalist.

Not a few who read what Mr. Robert Howls, of Holinds, Va., has to say below, will remember their own experience an 'er like circumstances: "Last winter I had a gripe which left me in a low state of health. I tried numerous remedies, none of which done me any good, until I was induced to try a bottle of Chamberlain's Cough Remedy. The first bottle of it so far relieved me that I was enabled to attend to my work, and the second bottle effected a cure." For sale at 25 and 50 cents per bottle by Jones & Gibson.

The World Almanac gives the total official vote for all the states in the late national election, in which it appears that the majority of McKinley over both Bryan tickets was 603,514. This, however, does not state the full majority of sound money over free silver and fiat. The gold Democratic ticket received 132,871, which added to the McKinley vote, gives a total sound money majority of 736,385. The total vote polled lacked a small fraction of 14,000,000. McKinley's electoral majority was 95, and a change of less than 400 votes in South Dakota and Wyoming would have made McKinley's electoral majority 109, and would have given him, outside of the solid South and the silver-mining states, every state in the Union except Kansas, Nebraska and Washington.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

The war reports from Cuba have a great deal to say about the trocha. It is a new term in military science, and there is more or less confusion in the public mind as to what it means. In a general way, it signifies a strategic line across a given scope of territory, separating one army from another. The line in the present instance extends from Havana to the southern coast of the island, and its original purpose was to divide the insurgent forces, part of which were in the western portion of the island under Maceo and the rest in the eastern portion under Gomez and Garcia. It consists principally of a barbed-wire fence 3 feet 6 inches high, with sentinal detachments immediately behind it. About 40 yards back of it is a trench 3 feet wide and 4 deep, with a breastwork of palmetto logs; and 50 yards further back are log houses in which the troops are quartered. The number of soldiers required to guard the whole line is about 15,000. Its construction cost much labor on the part of the Spanish troops in the heat of a torrid sun and under other trying conditions, and hundreds of them died before it was finished. It was Gen. Weyler's idea of comprehensive and effective strategy, and he is said to be very proud of it.—St. Louis Globe-Democrat.
